

# Helpful Information.

## WIFI

To Log into the Wi-Fi please use the following login details:

Code:            HUAWEI\_H112\_EE50

Password:       MAYBECK2020

## HEATING

The heating can be set using the system in the kitchen. On your arrival it will be set to AUTO which means it will come on in the morning & on an evening at set times. Should you wish to put the heating on between these times, open the flap at the bottom of the boiler. Click the switch on the bottom of the circle dial to ON to turn it on constantly (please remember to turn the heating back to AUTO when you are not in the property). The thermostat to control the temperature is in the hallway on the wall.

## SHOWER

The water heater is on a timer so there should always be hot water available. To use the shower. Turn the handle on the left-hand side to run the shower. To change the temperature, use the handle on the right.

## TELEVISION

To use the television, please turn on using the Samsung tv remote control. This will give you the main television free view channels. If the TV does not turn on showing a programme, then click the SOURCE button on the top right of the remote and using the arrow keys move the cursor to TV and select using the central button. To access the TV guide press the GUIDE button.

## DVD PLAYER

To use the DVD player, please ensure it is turned on at the plug. You may need to change the television source settings to EXT via the Samsung remote, press SOURCE on this remote and move the cursor to EXT and press select (central button). Once the dvd home screen is showing on the screen, use the remote for the DVD player to open the disc area. Insert the disc and use the remote to play the DVD. To return to normal tv settings, use the source button on the television remote to switch back to TV and press select.

## SOFA BED

To use the sofa bed, remove all cushions and removable parts, Pull the bottom of the bed up and out folding the legs down as it unfolds. Please ensure the legs to the bed are pulled out securely. The bedding for the sofa bed, is located in the drawer in the wardrobe.

## KEY SAFE

The key safe will have the same code for the duration of your stay, so if you wish to leave your keys in there when going out for the day, place them in the safe, shut the door and scramble the code. On returning place the code you used to enter the property originally into the key safe and access your keys. On leaving the property at the end of your stay, please leave the keys in the safe, Once, you have locked the cottage. Close the safe and scramble the code.

## BLUETOOTH SPEAKER

To connect your device to the blue tooth speaker, enable Bluetooth on your device and press the Bluetooth button on the speaker, until it flashes. Search in your Bluetooth settings for the speaker and click connect. Once connected you can play your music through the speaker.

## NOW TV / NETFLIX / DISNEY +

To use the Now TV facility, using the Samsung remote, click on source and change the tv settings to the HDMI source. Using the Now TV remote press the on button until Now TV

appears on the screen. (if this does not work turn the Now tv plug (attached to the small device in the HDMI slot) off and back on again at the wall to reset. From the home page of Now TV, go to the apps section. (This is the only section you can gain free access to). From here you can access ITV hub, iPlayer, More 4, Five, Netflix & Disney Plus. If you are taken to a login page for any of these apps, click on the Maybeck icon to access.

## OVEN

To use the hob, turn each individual nob on the top of the hob to heat up the required heat plate. Please remember these will stay hot after use so be careful not to leave anything on them, cover them or touch them.

To use the main oven. Turn the left hand dial to the correct temperature. Use the right hand dial to choose either main oven or grill.

## FRIDGE

The fridge will be on ready for your arrival. It has a small freezer compartment at the top. Please ensure you empty the fridge & freezer before departure.

## FIRE

The fire needs to be plugged in at the mains. The temperature dial is accessed under the front edge at the top on the right. On the left there are three switches, the top one activates the light (this needs to be on for the fire to heat up). The second switches operate the fans to heat the fire. Please ensure the fire is turned off when you are not in the property.

## Fire Safety

The cottage has three smoke detectors throughout the property as well as a Carbon Monoxide tester next to the boiler. These are all checked once a week and signed off in the back of this pack.

The kitchen drawer has a fire extinguisher and there is a fire blanket to the right of the kitchen on the wall.

Safety instructions are included in the drawer and on the main door.

All Manuals and instruction booklets for the appliances can be found in the lounge drawer.
